ANDY SIEGEL: PROVEN EXCELLENCE REPRESENTING VICTIMS OF TRAUMATIC BRAIN INJURY AND THEIR FAMILIES

Andy Siegel's repeated successes—won across a broad range of serious personal injury matters—are gratifying to him not only as a hard-working attorney but also as a compassionate observer of life's vulnerabilities. He understands the interlinked dynamics of families and how from a single unexpected and devastating moment there can be no return to the normal existence once taken for granted. This is especially so when the accident results in a traumatic brain injury (TBI).

Every person closes his eyes to such unimaginable possibilities until a harsh reality forces them open. At this turning point, knowing how to reach out to Andy Siegel is of critical importance.

Traumatic brain injury is a phrase that, fortunately, most people never encounter. Yet because Siegel has dedicated himself to representing so many courageous TBI survivors,

he's acutely aware of the obstacles they and their families regularly face. He recognizes how their struggle—because TBI symptoms and disabilities frequently fall along a subtle, complex spectrum—is made all the more painful by hostile, seemingly uncaring insurance company response.

In a notable recent victory—a trial where there was no offer of settlement by defendants ("Your client looks okay to me," was what the opposition claimed)—the jury awarded \$11,965,800 to Siegel's TBI client. This triumph was hardly unusual: Andy Siegel has consistently achieved the results only a dedicated, hard-fighting legal strategist can produce.

Here's an attorney who simply refuses to quit until the outcome completely satisfies his own sense of justice. With Andy Siegel, clients get exactly what's required: a determined personal champion.
